QAS

Evalueret via prototyper

Uden unødvendig funktionalitet

Unit test vs. user interface

Hurtig afprøvning

Lært

Architectural prototypes

Som udviklingsteknik

Evaluering

At bruge teknikker som understøtter produktlinier

Dokumentere variation points vha. feature

modelling[Kang]

Definition af produkter er en iterativ process

Nye krav fra brugere

Opdager nye muligheder i udviklingen

Heavy vs. lightweight approach

Mangler
